

C PARTHASARATHI REDDY

Bengaluru, Karnataka | 8971456945 | parthasarathyreddyc@gmail.com

PROFESSIONAL SUMMARY

Motivated and detail-oriented Information Science & Engineering student at REVA University with strong foundations in programming, IoT systems, data analysis, troubleshooting, and problem-solving. Experienced in media operations, content coordination, and collaborative technical environments through student organizations and hackathon participation. Skilled in developing innovative solutions, supporting operational workflows, and contributing to cross-functional projects. Passionate about software development, automation, and enterprise technology environments with a strong interest in internships at product-based companies and leading MNCs.

TECHNICAL SKILLS

- Programming Languages: C, C++, Python
- Database & Concepts: DBMS, Data Structures, Data Analysis
- Core Subjects: Signals and Systems, Digital Electronics
- Tools & Platforms: GitHub, VS Code, IoT Systems
- Soft Skills: Problem Solving, Team Collaboration, Communication, Analytical Thinking, Content Management

PROJECTS

Health IoT Monitor

- Developed an IoT-based health monitoring system to track real-time patient health parameters and improve remote monitoring efficiency.
- Implemented sensor integration and automated data collection workflows to enhance monitoring accuracy and reduce manual intervention.

Smart Garbage Sensors

- Designed a sensor-based smart waste management solution to optimize garbage collection workflows and improve operational efficiency.
- Implemented automated alert mechanisms and real-time monitoring features for enhanced tracking accuracy.

EXPERIENCE & LEADERSHIP

Under 25 Club – Media & Content Team

- Managed media coverage, content creation, and event documentation activities for student-led initiatives and technical events.
- Coordinated creative workflows and enhanced audience engagement through structured content planning.

Engineering Exploration in SoW ISRO Program – Volunteer

- Supported photography, videography, and technical documentation activities during innovation-focused academic events.

EDUCATION

REVA University, Bengaluru

Bachelor of Engineering in Information Science & Engineering

Expected Graduation: 2028 | CGPA: 7.8

ADDITIONAL ACHIEVEMENTS

- Participated in 2 hackathons focused on innovation, technical problem-solving, and collaborative project development.
- Part of HACC-IT and FACE Club to organize technical events and collaborative student activities.
- Demonstrated strong interest in IoT systems, software development, and emerging technologies.
